PROJECT NEWSLETTER

October 2024

PROJECT OUTPUTS

On October 7, 2024, we held the 8th Steering Committee Meeting at the Directorate of Climate Change with the participation of UNDP Türkiye Deputy Resident Representative, the Ministry of Environment, Urbanization and Climate Change Directorate of Climate Change and Directorate General of European Union and Foreign Relations, European Union Delegation to Türkiye and Presidency of Strategy and Budget. During the meeting, topics such as the planned addendum for the no-cost extension, the E-IDUSEP document, and the Climate Portal were discussed.

In October, we continued to organise weekly meetings with the Climate Change Adaptation and Local Policies Department of the Ministry of Environment, Urbanization and Climate Change to discuss the planning of project activities and the presentation on the social development sector.

We organised the fifth sectoral training focusing on agriculture, disaster risk management and tourism & cultural heritage on 15-16 October in Antalya to raise awareness among local stakeholders. The training was attended by local stakeholders from public institutions, the private sector and universities and addressed topics such as sectoral adaptation options and recommendations as well as good practices and sectoral risks.
