PROJECT NEWSLETTER

September 2024

PROJECT OUTPUTS

We held the 41st Operational Coordination Meeting with the participation of the Directorate of Climate Change, European Union Delegation to Türkiye and Directorate General of European Union and Foreign Relations Authority on 23 September 2024. During the meeting, we discussed the planning of project human resources monitoring visits, training and project extension.

We organised the third sectoral training focusing on water management, biodiversity & ecosystem and transportation on 9-10 September in Van to raise awareness among local stakeholders. The training was attended by local stakeholders from public institutions, private sector and universities covered topics such as sectoral adaptation options and recommendations as well as good practices and sectoral risks.

We organised the fourth sectoral training focusing on disaster risk management, biodiversity & ecosystem and tourism & cultural heritage on 30 September – 1 October in Trabzon to raise awareness among local stakeholders. The training was attended by local stakeholders from public institutions, private sector and universities covered topics such as sectoral adaptation options and recommendations as well as good practices and sectoral risks.

This project is co-funded by
the European Union and the Republic of Türkiye

We held a meeting with the Climate Change Adaptation and Local Policies Department of the Directorate of Climate Change and the finance expert on 16 September 2024. It was noted that the strategy document will be further developed in collaboration with sectoral experts based on the feedback received by the Directorate of Climate Change.

We held a meeting with the Climate Change Adaptation and Local Policies Department of the Directorate of Climate Change and the project software expert regarding the use of monitoring & evaluation system of e-NASAP on 19 September 2024. We decided to start the planning of the first online training in coordination with the Directorate of Climate Change.

GRANT PROGRAMME

The second round of monitoring visits were conducted under the Grant Programme. Grant projects including İstanbul Mineral and Metals Exporters' Association, Marmara Forestry Research Institute, Hacettepe University, Van Provincial Directorate of National Education Niğde Ömer Halisdemir University and TÜBİTAK Marmara Research Center were visited in September 2024.
