PROJECT NEWSLETTER

January 2025

PROJECT ACTIVITIES

We organized the eighth sectoral training in Adana on January 7-8, focusing on agriculture, energy, biodiversity and ecosystem to raise awareness among local stakeholders. The training brought together 50 participants, including representatives from public institutions, the private sector and universities. It covered topics such as sectoral adaptation options, recommendations, good practices, and sectoral risks.

On January 21-22, we held the ninth sectoral training in Şanlıurfa, focusing on water resources management, agriculture, and disaster and risk management. The training brought together 39 participants from public institutions, the private sector, and universities. Discussions covered sectoral adaptation options, recommendations, best practices, and sectoral risks.

the European Union and the Republic of Türkiye

We held the 43rd Operational Coordination Meeting on 24 January 2025, with the participation of the Directorate of Climate Change, the European Union Delegation to Türkiye, and the Directorate General of European Union and Foreign Relations Authority. During the meeting, we discussed the planning of training and events, and the addendum for the extension.

GRANT PROGRAMME

As part of the Climate Change Adaptation Grant Programme, we held meetings in January 2025 with project grant experts, the Climate Change Adaptation and Local Policies Department, and the Directorate General of European Union and Foreign Relations Authority of the Ministry of Environment, Urbanization and Climate Change regarding the monitoring and evaluation module of the Management Information System.
